Important points to extend your cartridges.

Regarding Laser Cartridges:

- Keep your laser cartridges dry, avoid moisture.
- Store cartridges away from direct sunlight.
- Shut off laser printers from the desktop every day.
- Do not install your laser printer near a window.
- Avoid placing your printer in an area with too much dust, so that the air filters in the printers do not become blocked, which may cause a rise in temperature inside the printer that will cause the cartridge to fail.

Regarding Ink Cartridges:

- Keep your ink cartridges in a place that is not too dry.
 - Store cartridges away from direct sunlight.
- Print at least one page per week to keep your printheads from becoming dry.
- Do not install your inkjet printer close to a source of heat.
 - Turn off your printer after use everyday.

In summary avoid the sun in any case, keep your laser cartridges in a dry environment and keep your ink cartridges in an environment not too dry.
